

Egt Bulkhead Specifications

Part Numbers

- BH-4-K (4 Circuits)
- BH-6-K (6 Circuits)
- BH-8-K (8 Circuits)
- BH-12-K (12 Circuits)

Temperature Rating

- 390°F (200°C) Maximum

Application

- The Egt Bulkhead uses Type K mini-plugs as thermocouple circuits for mounting on an automobile firewall. Bulkhead can also be used for mounting in control rooms, test stands, and laboratory applications.

Construction

- The Egt Bulkhead is constructed with a stainless steel panel that includes panel miniature inserts.

Circuits	Rows	Panel dimension (L x H Inch)	Dimension panel cut-out (Inches)
4	1	3.26" x 1.5"	2.36" x 0.86
6	1	4.45" x 1.5"	3.54" x 0.86
8	1	5.63" x 1.5"	4.72" x 0.86
12	1	8" x 1.5"	7.08" x 0.86
