

# MODEL # H0181-PP

## HIGH TEMP TYPE K PIPE PROBE

WITH UNGROUNDED JUNCTION

| PART NUMBER | "A" DIMENSION |
|-------------|---------------|
| H0181-PP-2  | 2"            |
| H0181-PP-4  | 4"            |
| H0181-PP-6  | 6"            |
| H0181-PP-12 | 12"           |

### SPECIFICATIONS

|                      |  |
|----------------------|--|
| Specification/ Model | H0181-PP                                   |
| Sensor Type          | Type K (Chromel / Alumel)                  |
| Temp. Range          | 32°F ~ 2200°F (wire rated to 900°F)        |
| Sensor O.D.          | .188 (3/16") Diameter Inconel® 600         |
| Junction Type        | Ungrounded                                 |
| Bend                 | Straight                                   |
| "A" Dimension        | 2" - 4" - 6" - 12"                         |
| "AA" Dimension       | 0  |
| Wire                 | 20 AWG Fiberglass Insulation               |
| Wire Lengths         | 6'   |
| Hardware             | SST Compression Fitting w/.125" NPT (1/8") |
| Terminal             | Mini-Connector                             |
